An unexcused absence will result in a grade of ZERO for that exam. Make-up exams will be similar in format but not necessarily identical to those given in class.

Copyright Statement

The handouts used in this course are copyrighted. By “handouts,” I mean all materials generated for this class, which include, but are not limited to, syllabi, quizzes, exams, in-class materials, computer resources, review sheets, and additional problem sets. Because these materials are copyrighted, you do not have the right to copy the handouts, unless I expressly grant permission.
Plagiarism

As commonly defined, “plagiarism” consists of passing off as one’s own, the ideas, words, writings, etc., which belong to another. In accordance with the definition, you are committing plagiarism if you copy the work of another person and turn it in as your own, even if you have the permission of that person. Plagiarism is one of the worst academic sins, for the plagiarist destroys the trust among colleagues without which research cannot be safely communicated. If you have any questions regarding plagiarism, please consult the latest issue of the Texas A&M University Student Rules, under the section “Scholastic Dishonesty.”

Academic Integrity

“Aggies do not lie, cheat or steal, nor do they tolerate those who do.”

“The Aggie Code of Honor is an effort to unify the aims of all Texas A&M men and women toward a high code of ethics and personal dignity. For most, living under this code will be no problem, as it asks nothing of a person that is beyond reason. It only calls for honesty, integrity, characteristics that Aggies have always exemplified. The Aggie Code of Honor functions as a symbol to all Aggies, promoting the understanding and loyalty to truth and confidence in each other.”

It is critical for students to be aware of the current academic integrity policies. Information can be accessed at the following websites:
